HOW IT WORKS

1

Write what's going on

One sentence, in your own words. Whatever's on your mind right now.

2

nakama finds your people

You're matched with IB students who said something genuinely close to what you said.

3

Talk it out

A small, private group chat opens. Connect and chat with your fellow IB students.

WHY NAKAMA

Your EE supervisor goes silent two weeks before the deadline. Everyone is posting uni offers and you still have none. You're lowkey scared you'll fail the IB. nakama connects you with the people you thought didn't exist: during the IB, through exams and after graduation.

Meet your twin

Someone across the world going through exactly what you are.

A safe space

Moderated by real people. Every report is reviewed by our team.

IB1 and beyond

Exams, applications, results, moving abroad, uni and whatever comes next.

For IB students aged 16+ · Peer support, not therapy or a chatbot.
